

DIANA

DIANA wood burning stove is one of most popular TIM SISTEM products.

It provides optimal and economic heating with high energy efficiency and minimal wood consumption.

It is easy to handle and easily portable.
Top plate and fire box are made of cast iron and firebox is made of vermiculite combined with cast iron grate.

DIANA is available both in ceramic and metal sheet tiles version.

EN 13240:2001

Width	Depth	Height
390 mm	435 mm	785 mm
